System-to-System (S2S)

To enter a S2S submission, begin the request as you would based on the request types in the previous 3 blocks. Enter and **Validate** the grants.gov opportunity number and select **Yes** to the electronic submission question on the following screen.

Create request for Initial request
Grants.gov opportunity

If this opportunity is listed on Grants.gov, validating the opportunity allows GMAS to track its details and requirements to aid proposal preparation.

Validation of the opportunity number is required for electronic submission via GMAS for supported request types.

Grants.gov opportunity number: PA-B2-T01 **Validate** **Remove**

Title: G.g. AT07 and NIH Ex-UAT Test FOA (T01)
Opening/Closing Dates: 06-23-2011 - 06-22-2015

Enter submission details

Will this request be submitted to Grants.gov electronically via GMAS? Yes No

Note: If 'yes', all mandatory forms and any optional forms which are being included in this submission must be supported by GMAS.

* Due to sponsor (mm-dd-yyyy)

* Due date type
 Receipt date (must be received by sponsor by date listed)
 Postmark date (must be postmarked by date listed)

Competing renewals, Continuations, Supplements, Changes to existing segment and Internal requests

Navigate to the current segment/fund. On the **segment home page**, click **Create request**. On the following screen, answer the retroactive question and select the request type or category, then click **Next**.

Fund	135986

Selecting any request type below will associate it with the project/segment from which the request was initiated.

Make a request

* Is this a retroactive request? Yes No

* Request type

- Continuation
Enables the creation of a continuation application or progress report for the next period of funding.
- Supplement
Creates a proposal to request additional funding for an existing award period.
- Competing renewal
Creates a proposal for funding that builds upon the previous project but will require formal peer review at sponsor level.
- Changes to existing segment
Initiates changes that may or may not require sponsor approval, such as Pre-award expenditure, Carryforward, No-cost extension, Equipment rebudget, Subagreement addition at no additional cost, Interfaculty addition at no additional cost, Change PI, Rebudget restricted categories, Early termination.
- Internal requests
Initiates changes that do not require sponsor approval, such as requesting accounts and administrative changes.

S2S Corrections (SPA/OSP AORs only)

Navigate to the request you wish to correct. On the **request home page**, click **Grants.gov correction**.
