

Other Support and Activities Download

The Other Support and Activities download provides:

- Information from GMAS about which projects a specific research team member is currently working on or planning to work on in the future.
- Information from the Outside Activities and Interests Reporting system (OAIR)
- Information the Agreements system

This download is an expanded version of the [“Active and Pending Projects”](#) GMAS report.

Access

People can only download this expanded report with their own data. There are two ways to access the report:

1) From the GMAS person profile:

Each person in GMAS has a link to the Other Support and Activities download from their Person Profile. (Person Profiles can be accessed by searching for a person using the "People" link in the top GMAS navigation bar). This link is only available on your own user profile.

Data

GMAS data

Please reference the [job aid for “Active and Pending Projects”](#) for details about the data for GMAS research teams. This tab will always appear, even if there is no GMAS data to show.

OAIR data

This tab will not appear if there is no OAIR data that matches the criteria.

The OAIR tab contains summary information from any disclosure in OAIR where:

- The disclosure is not in an Inactive or Pending Removal status
- The Relationships to Discloser includes Self
- The Relationship Types includes one of the following: Editorial Services, Fiduciary Board Membership, Prizes or Awards, Professional Services or Employment Types - Consulting, Employment, Executive employment, Fellowship or artist’s residencies, Membership on a scientific or other advisory board, Non-US government services (including testimony), Office in professional organization, Paid external reviewer, Research or teaching appointment, Talent recruitment or development program

Fields included:

- Organization name
- Is the organization foreign (yes/no)
- Time commitment in days/year
- Time commitment in days/summer
- Roles

Agreements data

This tab will not appear if there is no Agreements data that matches the criteria.

The Agreements tab contains summary information from agreements where:

- The person is the PI on the submission
- The submission is in the Active or Evergreen status
- The data provider is not Harvard only (may be contracting party or both contracting party and Harvard)

Fields included:

- Data provider
 - Is the data provider foreign (yes/no)
 - Project title
 - Effective date
 - Expiration
 - Sponsored funds
-
